### Featured Business **OPTiMO-IT**

We are pleased to announce the relocation of OPTiMO Information Technology from Prince William County into the City of Manassas. Founded in 2008, the IT firm specializes in world-class, enterprise-level application development, system integration and digital design. OPTiMO is quickly becoming a major player in the industry providing leading-edge digital solutions to organizations like the U.S. Postal Service, and revolutionizing the way they do businesses in order to maintain relevancy in an ever-changing market.

OPTiMO moved to its new location at 9700 Capital Court because it provided ample space for its 40

### **Featured Partner Economic Development**

A major role of economic development is to market Manassas as a great place to do business. The City's Department of Economic Development launched a new website [ChooseManassas.org](http://ChooseManassas.org), that includes collateral materials to more clearly and attractively tell our story. Information on demographics, major development projects and incentive programs are amplified through quality imagery.

Logan Building

They say "a picture is worth a thousand words." We agree, and have spent the last year building a photo library depicting the very best of Manassas- from major employers like Micron and Novant Health/UVA Health System to unique shops and boutiques in Historic Downtown, to retail corridors and airplane hangers. Some of these photos, by Sass and Frass Photography, have won multiple awards.

We are proud of this work and want to be sure the business community has the ability to use them. So we've created a [Flickr](#) account where you can download the high-resolution images. These photos are in the public domain and can be used by anyone with no licensing or fees required. Just download the picture and put it on your website, powerpoint or other material.

For additional information, please contact Nicole Smith at 703-257-8882.
