COVID-19 BUSINESS IMPACT FOLLOW-UP SURVEY

Ever since the COVID-19 pandemic began, the City of Manassas has been working hard to help local restaurants, shops, and other businesses adapt. We launched a [**COVID-19 landing page**](#) on the Choose Manassas website and marketing campaign to provide the most recent information and resources to the local business community.

On March 26, in the early days of the pandemic, the City put out a survey to gauge the impacts of COVID-19 so we could develop a strategic approach to dealing with the crisis. A summary of the findings are provided in our recent [**BLOG**](#).

A follow-up survey is now available, and we are hoping for strong participation from the local business community. We need all businesses to respond, large and small. The more information we have, the better prepared we can be to fight this.

Please take the new COVID-19 survey now,
and share it with other business owners in the City!

TAKE SURVEY

The Department of Economic Development exists, in large degree, to support the businesses in our community. We take that charge very seriously and will continue to share information we feel will be timely, pertinent and helpful to you.

We also encourage your feedback. Please share ideas and information you have that would be helpful to our local businesses directly with us either on our FB page ([ChooseManassas](#)) or by email, at:
